CareIndeedECampus.com

CareIndeedECampus.com Overview: What is the goal of Care Indeed E-Campus?

What is the goal of Care Indeed E-Campus? Care Indeed E-Campus was created to provide ELearning courses to our caregivers, CNAs, and HHAs. Its purpose is to educate our employees and prepare them to provide the best possible care to our clients.

ELearning through Adobe Captivate ensures that our employees' time is optimized. The courses are presented in a way that allows the employee sufficient time to finish a course. Some courses serve as prerequisites to higher-level courses.

Each module has a PowerPoint Presentation that outlines a topic's key points. For example, "Caring for an Alzheimer's Patient" will include the following: What to expect and What is the best course of action to take?

User's Manual

Step 1: Create an account on CareIndeedECampus.com

- Open your internet browser (Firefox, Google Chrome, Safari, IE) then go to

www.CareIndeedECampus.com

- On the main page, click on **Register**. (See image below)

Welcome to Care Indeed E-Campus
This educational module is designed to facilitate the process of getting you acclimated to our company. The courses are intended to track your progress and designed to be taken step by step.
There will be classes that serve as a prerequisite course before you can take other courses. Please set aside the time needed to finish each module. (Before taking the course, a simple introduction of functions and how the interface works are provided.)

Dee Bustos,LVN
Our modules will consist of the following:
1. PowerPoint presentation outlining essential key points of what we are trying to address:
• e.g. Caring for an Alzheimer patient – what to expect, show case studies and what are the best course actions to take.
• From the main menu, click on courses then select courses, then click module to start presentation.
Modules
